## USB-Port Replicator PR05

### Get connected to your peripherals in no time

Issue April 2008

Pages 2

Flexibility, expandability, desktop replacement, investment protection – to name just a few benefits of Fujitsu Siemens Computers docking options.

This Port Replicator is the perfect docking solution for the Amilo, AMILO Pro Series and Esprimo Mobile to simplify your mobile life. In the office or at home it takes just a second to attach your notebook to the Port Replicator and get connected for example to your keyboard and mouse. Your workplace is simple and tidy while you are ready to work with your notebook.
